What to Do if You Have Been Sexually Assaulted

Seek Refuge: If you are assaulted, get to a safe place as soon as you can. The University has resources available to you for emotional and physical support.

The Office of Safety and Security, 812-488-6911 or 812-488-2051, can provide assistance to you by telling you how you can reach a counselor, contact law enforcement authorities, obtain hospital transportation and the like. The University’s Title IX Coordinator is Michael Austin, PhD (812-488-1178, Olmsted Hall 204).

Preserve Evidence: Resist the urge to bathe, use the toilet, change clothing or apply soaps or lotions. If you must change clothes, put them in a paper bag or wrap them in a clean sheet. Do not place these items in a plastic bag as the bag may distort evidence. It is also important not to disturb any evidence that may be present in the location where the offense occurred or destroy or delete any correspondence relative to the offense.

Get medical attention as soon as possible: It is important to seek medical attention in the case of sexual assault in order to check for injuries, effectively preserve evidence, and test for sexually transmitted diseases. You can contact the Office of Safety and Security 812-0488-2051 for assistance. Medical attention can also be obtained directly from one of these locations:

- UE Crayton E. and Ellen Mann Health Center 812-488-2033
- St. Mary’s Hospital 812-485-4491
- Deaconess Hospital 812-450-3405

Personal Support: A University counselor is available 24 hours a day to provide personal support and guidance after an assault. The office phone number is 812-488-2663. After normal business hours, you can reach the counselor on call by contacting the Office of Safety and Security 812-488-2051 and requesting a counselor.

Amnesty for Victims of Sexual Misconduct and Witnesses: Reporting sexual misconduct is important. The University recognizes that an individual who reports sexual misconduct may be engaged in under-age drinking or drug use or other prohibited conduct at or near the time of the incident complained of. To encourage reporting under these circumstances, the University will not take disciplinary action against a Complainant or against witnesses for their personal use of alcohol or drugs or for other prohibited conduct at or near the time of the incident complained of if such violations do not or did not subject other people to harm.

Individuals who work or volunteer in the University’s health center, including non-professional unlicensed counselors, front desk employees and students who work in the health center, can generally talk to a victim without revealing to the University any personally identifying information about an incident. A victim can seek assistance and support from these individuals without triggering a University investigation that could reveal the victim’s identity or that the victim has disclosed the incident.

* See Policy Prohibiting Sexual Misconduct for exclusions and limitations related to confidentiality.

Reporting to Responsible Employees (Official Reporting Resource*)

This includes all full-time, part-time, visiting, and volunteer faculty, administrators, staff, coaches, security personnel, and resident assistants (RAs). A responsible employee must report to the Title IX coordinator or her designee all relevant details about the alleged sexual misconduct that is provided
by the Complainant – including the name of the Complainant and Respondent, any witnesses, and other relevant facts, including the date, time and specific location of the alleged misconduct. To the extent possible, information reported to a responsible employee will be shared only with people responsible for handling the University’s response to a report of sexual misconduct.
