Welcome

We are so excited to welcome you to the University of Evansville—a place where you will learn and grow, and a place where we walk alongside you every step of the way as you discover your purpose and begin to make a meaningful difference.

At the University of Evansville, we believe education is not simply about earning a degree. It is about becoming someone who thinks critically, acts bravely, serves responsibly, and lives meaningfully in a changing world. That is our mission—and it reflects who we are: a community committed to changing lives and changing the world. It is the standard we will challenge you to meet every day.

Here, your learning will extend well beyond the classroom. You will be asked to wrestle with ideas, to engage across differences, to lead when it would be easier to follow, and to turn what you learn into action. Along the way, you will gain knowledge and skills—but more importantly, you will come to understand your purpose and the impact you are capable of making.

As an Ashoka Changemaker Campus—one of a select group of institutions worldwide recognized for advancing social innovation—you are joining a community that believes change is not something to wait for, but something to create. Our students are already doing this work—in Evansville, across the country, and around the world. Soon, you will be part of that story.

The Student Handbook will help guide you as you begin. It outlines the shared expectations that shape our community, including the Academic Honor Code and Student Code of Conduct, and introduces the many resources available to support you. It is a practical tool—but it also reflects our commitment to a community grounded in integrity, accountability, and care for one another.

Say yes to opportunities. Build relationships that will challenge and support you. Take risks. Learn from setbacks. Be present. If you fully engage in this experience, it will change you—and it will prepare you to help change the world.

What happens next is up to you—and we will be here to support you every step of the way.

Welcome to the University of Evansville. I cannot wait to see what you will do.

With my best,

A handwritten signature in black ink, appearing to read 'Chris', written over a faint circular stamp.

University of Evansville

Whether you are coming to campus for the first time or returning for another year, I'd like to extend a warm welcome. We are glad you're here!

The 2026-2027 Student Handbook will help you navigate student life and make the most of your experience. It outlines essential policies, procedures, resources, and expectations, along with important dates that will be useful to both new and returning students.

I sincerely hope you take advantage of the many ways to learn, grow, and build relationships at UE. Our faculty and staff are committed to your success and wellbeing both in and out of the classroom and we are all here to offer support throughout your journey.

I am excited to see what each of you brings to our campus community and I hope you have a fantastic year.

Sincerely,

A handwritten signature in black ink that reads "Kristen Strandberg".

Kristen Strandberg, PhD

Interim Vice President for Student Affairs & Dean of Students

Aces,

On behalf of the Student Government Association (SGA), I would like to welcome you to a new academic year at the University of Evansville! My name is Bailey Crawford and I am a Senior Theatre Performance major from Frisco, Texas, honored to serve as your SGA President for the 2026-2027 academic year. This handbook will be a great resource as you begin your academic journey, so I implore you to have a general knowledge of its contents and refer back to it when you have questions about your rights and responsibilities at UE.

The SGA plays several vital roles in supporting your journey here at the University of Evansville. First and foremost, we are here to be your voice as a member of the Student Association in all University matters. Each member of the SGA Executive Board, including myself, was elected or appointed to represent you on all levels of the University. We are committed to advocating for you. We are here to support you, answer your questions, and to help guide you through university procedures. Additionally, the SGA is here to govern and budget the Student Activities Fee and oversee the organizations that it funds. The SGA offers many opportunities for student leadership from representing a club in the Assembly of Student Organizations, to becoming a Student Senator for our many designated student constituencies. If you have any questions about how SGA can assist you in your journey at the University of Evansville, or ways you can get involved with SGA, please do not hesitate to reach out to me or any member of the Executive Board.

Whether you are just beginning your journey or returning for another chapter, I encourage you to take full advantage of all our campus has to offer. Your time here is more than just a degree; it is a unique opportunity to grow, connect, and discover what drives you. I encourage you to get involved—join a club, attend an event, speak up, and leave your legacy. Your college experience is what you make it, so build relationships and get connected to the many communities found on campus. A great first step is attending the organization fair that will be hosted at the beginning of the Fall semester to discover what opportunities the University of Evansville has to offer you!

Once again, if you have any questions, do not be afraid to reach out to myself or any of the other members of the SGA Executive Board. Ultimately, we are here to serve our peers. Good luck on this journey, I can't wait to see what you will achieve.

Best,

A handwritten signature in black ink, appearing to be 'Bailey Crawford'.

Mission and Core Values

Mission Statement

To empower each student to think critically, act bravely, serve responsibly, and live meaningfully in a changing world.

Core Values

Integrity

We promote academic and personal integrity to establish a culture of trust. Academic integrity begins with all students pledging to abide by our honor code, and extends to faculty, staff and administration adhering to our code of conduct. It culminates in an expectation of professionalism, transparency, and respect in all interactions. Personal integrity includes practicing informed, ethical decision-making, and respecting the ideas, rights, boundaries, and beliefs of others. Each member of our community is accountable and prepared to act as a responsible citizen of the world.

Innovation

We recognize the value of interdisciplinary teamwork, creative problem solving, global immersion, and learning experiences at home and abroad. We recognize the value of learning from failure. We have the freedom, flexibility, and motivation to create experiences that help our students think critically and act bravely. Each member of our community is challenged to discover novel solutions to modern problems and to become a catalyst for progress.

Intellectual Curiosity

We strive to develop lifelong learners. We introduce students to a variety of ideas that sharpen existing interests and awaken latent ones. We challenge students to stretch their minds, while supporting them with strong faculty engagement. Research, experiential learning, and community outreach foster intellectual curiosity while exposure to new ideas and technologies broadens our students' view of the world and what might be possible.

Inclusive Community

We value openness and collaboration and recognize that inclusion leads to personal growth. Our commitment to actively fostering a diverse range of cultures and perspectives reflects the characteristics required to thrive in an increasingly global society. The university demonstrates and benefits from inclusion by welcoming all.

Education for the Whole Person

We cultivate intellectual, moral, social, physical, emotional, and spiritual wellness through engagement and discovery. We value the liberal arts, sciences, and professional programs as paths to intellectual and personal growth, and we encourage the integration of knowledge across disciplinary lines. We promote engagement in organizations, programs, and the community as essential to personal development. We equip individuals to examine their world, articulate their values, and develop the character needed to live healthy lives of meaning and purpose.

Vision Statement

The University of Evansville – a leading private university in the Midwest – is recognized nationally for developing students' personal and professional competencies, cultivating critical and creative thinkers, and producing ethical, global citizens equipped to thrive in a world of complexity and change. We accomplish this by attracting and retaining talented and motivated students who succeed within a diverse, supportive, and sustainable environment.

Profile of the University of Evansville

The University's history began as the dream of one man – John C. Moore – a resident of Moores Hill, Indiana (a small-town west of Cincinnati). Moore was the original #UEChangemaker. He wanted a college for his community, and he made it a reality on February 10, 1854, when the original charter for Moores Hill Male and Female Collegiate Institute was drafted. The college was the fifth co-educational college in the United States. Classes began September 9, 1856.

The college's name was officially changed to Moores Hill College on September 20, 1887. In 1917 George Clifford, a prominent Evansville businessman who later became a University trustee, convinced the Indiana Conference of the Methodist Church that Moores Hill College should be moved to Evansville since it was the only city in Indiana without an accredited college within a 50-mile radius.

Residents of the city raised \$500,000 in one week in 1917 to move the college to Evansville. It reopened in 1919 as Evansville College, and in 1967 the college was renamed and incorporated by the Indiana legislature as the University of Evansville.

Today, the University is a private, United Methodist Church-related, comprehensive university with a mission to empower each student to think critically, act bravely, serve responsibly, and live meaningfully in a changing world.

UE is ranked as a top Midwest university by U.S. News & World Report with approximately 2000 students from 44 states and 45 countries. More than 75 undergraduate areas of study are offered in the William L. Ridgway College of Arts and Sciences, College of Education and Health Sciences, and the College of Business and Engineering. The University also offers eleven graduate programs.

UE also ranks as one of the top master's degree granting institutions for the percentage of undergraduate students who study abroad. UE operates our own study abroad program at Harlaxton College in Grantham, England.
