Student Development Services

In keeping with the mission of the University, a variety of programs and services are offered to students as part of the total educational process. The goal of this developmental effort is to assist all students in reaching their maximum potential. Both out-of-class learning experiences and support services are part of this effort. The information in this section of the Student Handbook is intended to acquaint the student with these services as well as the many programs that have been created to meet students' needs. Students who desire more detailed descriptions are encouraged to call the Division of Student Affairs or stop by to meet the staff for information or assistance.

Student Life

Because the college years are so important, both now and in later years, the University of Evansville has established the Division of Student Affairs, often known as "Student Life" to our students, which brings together a variety of programs important to university life. The division also assists in the creation of a campus environment outside the classroom that is conducive to the development of students' mental, social, spiritual, and physical well-being.

The Division of Student Affairs includes the Student Fitness Center, the Esports Center, the Crayton E. and Ellen Mann Health Center, Student Engagement, Counseling, Disability Services, International Student Services, Residence Life, Public Safety, and Career Development. Under the direction of the Vice President for Student Affairs/Dean of Students, the division is dedicated to the philosophy that student development begins upon entry into the University, includes both in-class and out-of-class activities, and continues through graduation and commitment to a life plan.

New Student Orientation

Student orientation and academic registration (SOAR) programs are held for all new undergraduate students. During these programs, new undergraduate students have an opportunity to become acquainted with the campus, meet faculty members, administrators, and other students, and to learn about academic procedures and student life. During SOAR, each new student will also meet with an academic advisor and finalize their course enrollment. Orientation program sessions are also provided for supportive adults and families of new students.

An additional "Welcome Week" orientation takes place just prior to the start of fall classes. This three-and-a-half-day program provides new undergraduate students with an opportunity to meet other new incoming students as well as upper-class students and Orientation Leaders. Welcome Week participants are exposed to a variety of involvement opportunities available throughout the college experience. Information on campus life, academic assistance, and college adjustment issues is readily accessible for students through this special orientation program.

Counseling Services

The University of Evansville offers counseling services that are designed to help all students with a variety of life issues as they make their way through the college experience. It is recognized that interpersonal, psychological, and developmental issues can interfere with learning, and ultimately, personal success. The University of Evansville provides a counseling program with nationally certified and licensed professional counselors to respond to the unique needs of university students so they can achieve maximum benefit from their UE experience. The two program areas offered within the Office of Counseling Services include individual counseling for personal or psychological problems with health education and wellness programs, and Disability Services.

Mental Health Counselors address a variety of issues including depression, anxiety, homesickness and adjustment, stress and positive coping strategies, time management, and various relationship concerns. Mental Health Counselors can provide assistance in helping students become connected with Academic Services to receive help with academic difficulties.

Health education and wellness programs are offered to assist students in making healthy lifestyle choices during their college careers. These programs provide students with education, prevention, and intervention programs related to alcohol/substance abuse, stress management, and other lifestyle issues.

The Office of Counseling Services is located in Room 200, Ridgway University Center. Appointments can be made by calling 812-488-2663. Crisis intervention and on-call emergency services are available by calling the Office of Public Safety at 812- 488-2051.

Information Disclosure

The Mental Health Counselors in the Office of Counseling Services abide by the professional ethical standards of the National Association of Social Workers. A counselor may not reveal information to anyone about a client unless the client gives written permission to do so.

The office is open from 8:00 a.m. to 5:00 p.m. Monday through Thursday, and 8:00 a.m. to 4:30 p.m. on Friday. Mental health counselors are on call for after hour emergencies.

During the months of June and July, limited counseling services are available, and counselors do remain on -call for emergencies. For more information about available counseling services, call 812-488-2663.

Students with Disabilities

The Disability Services staff members coordinate the provision of appropriate and reasonable academic and housing accommodations and support services for any qualified student with a properly documented disability. Additional information on policies and procedures for students with disabilities can be found under the General Campus Policies.

The Center for Career Development

The mission of the Center for Career Development is to facilitate educational opportunities that engage students in self- discovery, development, and professional transformation. Promoting the big picture – each student’s academics, involvement, experience, and goals – the career center staff fosters an active partnership among students, faculty members, alumni, employers, and the community. We adhere to an End-to-End Career Development Model. Starting during the first year, students are directed to the services and support provided by the Center for Career Development. UE’s career staff helps students discover their pathway to becoming career-ready professionals to serve responsibly and live meaningfully in a changing world.

Career Advising and Exploration. With the innovative “TruTalent Personality” assessment program, first year students start to discover and then focus on their strengths and potential. The career center staff works directly with students and collaborates with academic advisors in the integration of career and academic plans.

On-Campus Networking and Recruiting. Opportunities are available throughout the school year to attend career fairs and forums. To prepare, our career coaches work with students on projecting a positive image through developing a clean, professional résumé and cover letter, and conducting mock interviews. Students will be ready to explore the hands-on opportunities of internships, co-ops, jobs, and study abroad adventures.

Experiential Education. The opportunity to explore possible career directions is a valuable part of any educational experience. Credit and non-credit opportunities such as internships, cooperative education, undergraduate research, practicums, clinicals, student teaching, and service learning constitute the

laboratory component of college. Putting theory into practice is a tried-and-true method to test classroom knowledge and skills, and it exposes students to the realities of professional employment in a safe and exploratory manner. UE's career center staff assists students with all the details of locating internship or co-op options and directly supports them in taking the first steps of their professional journey.

UE Career Bridge. UE Career Bridge, powered by 12twenty, is the direct connection with employers and the Center for Career Development and makes it easier than ever for students and alumni to search for internship, co-op, part-time, and full-time positions. It is a modern, convenient career management tool and is now your one-stop-shop for launching your career at the University of Evansville. An account in UE Career Bridge offers access to personalized job recommendations based on your major and interests, employment opportunities with seamless application submission, career fair registration, on-campus interview sign-ups, and online appointment scheduling.

UE Alumni Connection. The Center for Career Development strives to provide ample opportunity for students to get connected. Students have access to many tools and resources to help them as they enter their professional career search. Students can network with successful alumni who will support and champion their career goals. In addition, UE students and alumni have access to 33,000+ alumni in the UE directory; and groups on LinkedIn where many alumni come together to share opportunities and experiences.

Graduate School Connection. Forty two percent of 2025 graduates stated they were attending or would attend graduate school within the next three years – some at such prestigious schools as IU School of Medicine, Columbia University, Case Western Reserve University, and Yale University. The career development staff has the expertise to assist in developing a graduate school search plan that will improve the application process and lead to a more informed decision.

Career Resources. Our expanded website is full of valuable information, including directories, graduate school guides, job search resources, and career exploration resources. Local, part-time job opportunities are posted on the bulletin board located on the second floor of Ridgeway University Center, outside of the Student Life Suite.

Career Advocates. Career Advocates are student leaders who provide outreach and initial career development support to undergraduate students. The advocates offer advice/support on career-related topics such as résumé and cover letter development, interview preparation, and job search. Advocates are conveniently available in the career center on a walk-in basis, no appointment necessary! See the website for hours! <https://www.evansville.edu/careercenter/students/careeradvocates.cfm>

ACE Pathway. The job market is becoming more and more competitive, and our career development coaches are prepared to offer students even more opportunities to transform into savvy, work-ready, and capable employees. The Advanced Career Education (ACE) Pathway allows students to increase their ability to easily communicate professionalism, their valuable skillset, and relevant career focus to potential employers or graduate schools. The Pathway is easily accessed and managed in UE Career Bridge.

Job Search Strategies. Beginning a full or part-time job search can be overwhelming. Developing personal career goals, résumés, cover letters, and interviewing skills are just a few of the ways that the career center staff can help students negotiate the ambiguous process and develop a personalized and effective job search strategy.

Success Rate. Ninety seven percent of 2025 graduates were employed or pursuing further education within six months of graduation. Results are not guaranteed. Through an active partnership, however, the career center staff can help students understand and communicate how their academic and co-curricular experiences have prepared them to be successful professionals.

For more information, visit www.evansville.edu/careercenter or call 812-488-1083. The Center for Career Development is located within the Student Life Suite on the second floor of Ridgeway University Center.

The Promise Neighborhood aims to improve academic and developmental outcomes for children in areas of concentrated poverty, and to transform those communities by identifying and increasing the capacity of eligible entities focused on achieving results for children and youth throughout an entire neighborhood, cradle to career.
- **Driving Possibilities:** This program is funded by a grant from the Toyota USA Foundation and Toyota Indiana. Launched by the Toyota USA Foundation, Driving Possibilities is a multi-year initiative aimed at preparing students from Pre-K through 12th grade for future careers in STEM fields. As coordinating partner for Indiana's Driving Possibilities initiative, we work with Lodge Community School and North Gibson School Corporation.

Opportunities to Study Abroad

The University of Evansville maintains a strong commitment to internationalization. This commitment is shown in the emphasis on studying abroad for all students, and the ability for UE students to choose locations all over the world to earn credits towards degree completion and to learn to become global citizens. Advisors also assist students with applications for various national scholarship programs, including the Fulbright and Gilman Scholarships. Students are welcome to study abroad through three different types of programs: Harlaxton College, Faculty Led Programs, and International Exchanges. An advisor is available to help students explore these options and select the best fit for a student's field of study and personal goals. Each of these program types are clearly explained on our website and a study abroad advisor will help you through the process of applying and preparing for your time abroad. Although students must be at least sophomores to participate in study abroad, planning should begin as early as the freshman year. Close consultation with the student's academic advisor is essential.

Harlaxton College, housed in a nineteenth-century manor house, is situated in the English East Midlands, just outside Grantham, England, one hour north of London by train. Academic programs are rigorous yet personal to create a learning environment in which experiential learning, changemaking, and community interaction plays a large part. Classes are often complemented by field trips to enhance the classroom setting. Harlaxton College operates a semester-length program each fall and spring and a five-week summer session. Costs of the semester-length Harlaxton program are comparable to charges on the Evansville campus, and UE financial aid applies. The centerpiece of the Harlaxton College curriculum includes a variety of signature courses taught by the British faculty. The two British Studies options in history and literature are classic Harlaxton courses for students to take, and there are also architecture, music, Shakespeare, and other history and literature seminars unique to Harlaxton. In addition, a wide range of other courses are offered each semester to enable students to maintain normal progress in their respective academic

programs. Harlaxton also offers a broad selection of Engineering courses each fall and nursing courses each spring to accommodate students with majors that may make studying abroad difficult. Approximately 20 courses are offered each semester from which the student may select 12-18 credit hours of coursework, with at least one signature course highly recommended.

Faculty-Led Programs. The University of Evansville offers a variety of faculty-led programs abroad, usually over Spring Break or the summer term. Locations and course topics change annually, with some programs running biannually. Trips typically range from one week to five weeks. Interested students should look for information on the Study Abroad website throughout the year or come to the office to learn more about programs being offered. Recent faculty led trips have included: Nursing in Jamaica, Habitat for Humanity in Guatemala, and Tropical Ecology in Costa Rica.

Exchange Programs. In addition to studying for a semester or summer at Harlaxton College, University of Evansville students can choose from a wide variety of programs in other locations around the world. Through our exchange network, students can study in over 50 countries and a variety of academic areas. Students approved for these programs may be eligible to use their financial aid during the fall and spring, and find a program that fits individual interests, goals, and academic requirements. Students have a wide variety of options in the summer months to study abroad. We will advise students on health and safety as well as course transfer.

T-shirts, sweatshirts, athletic clothing, casual wear, and outerwear are customized with the University's name or logo and provide the perfect expression of your UE pride.

Library Services and Resources

The University of Evansville Libraries (UEL) is a student-focused research and learning center. Access to the libraries collections, databases, and services are available through the libraries' website: <https://www.evansville.edu/libraries/> or by calling the Information Desk at 812-488-2482.

[QUEST](#) is the library's catalog and discovery service. QUEST allows users to find and access the UEL's books, e-books, e-journals, and many other useful library resources in one searchable interface. [QUILL](#) is UEL's interlibrary loan service which allows students to request any book or article that is not available in the libraries' collection. Interlibrary loan can provide a nearly unlimited range of resources to students and faculty.

The library offers assistance to students who need help locating materials to ensure their success at UE. Library faculty members are available to offer research assistance in one-on-one consultations. Appointments need to be arranged in advance using an online form:

www.evansville.edu/libraries/rapSignup.cfm

Private and group study spaces are available on the second and fourth floors of the library. Rooms can be reserved online: <https://uelibrary.bookedscheduler.com/Web/>

Student Fitness Center

The Student Fitness Center has racquetball courts; both an indoor and an outdoor track; aerobics area; cardio conditioning room with ellipticals, treadmills, bikes, and rowing machines; basketball and volleyball courts; a swimming pool; and weight training rooms. Some of the programs offered through the Student Fitness Center are WERQ, Zumba, Yoga, Kickboxing, Bike Race, Wander Indiana, Rape Aggression Defense class, and Intramural and Club Sports.

The intramural program provides opportunities for students of all abilities to get involved in a variety of activities. Opportunities for involvement include administration and supervision, officiating, and competition for individuals and teams of all abilities and interest levels. Check out imleagues.com or

download the imleagues app to view what sports are being currently offered.

Club Sports at the University of Evansville offer opportunities for students to participate in a structure that supports competitive, recreational and instructional outlets in a non-varsity intercollegiate athletic format. Clubs may compete against other universities' clubs throughout the Midwest and country in general or function as non-competitive recreational/instructional organizations. A significant characteristic of the sports club program is the student organizational structure. Leadership is provided by the students resulting in experiential education opportunities and personal growth. As such, it is an expectation that the clubs are coordinated by the students with advisement offered via a faculty/staff advisor. Clubs may allow themselves an amateur coach, but that coach should limit their responsibilities to on-field coaching and advisement.

Students are expected to present valid identification. Guests must be accompanied by students, faculty members, or staff members and will be expected to pay a guest fee of \$3. Student Fitness Center hours are typically Monday through Friday, 6:30 a.m. - 10:00 p.m.; Saturday, 11:30 a.m. - 5:30 p.m.; and Sunday, 11:30 a.m. - 9:00 p.m. University breaks, closures, holidays, and summer months include adjusted hours.

Esports Center

Located on the first floor of Schroeder Residence Hall in the east lounge, our Esports Center is open for competitive play and scheduled "free play" when the center is open to any student who wishes to engage in gaming on campus. The mission of UE's Esports program focuses on enhancing students' academic and professional careers through competitive co-curricular experiences, lasting community friendships, and professional development opportunities. Our program includes the following:

- **Competition:** Our competition-focused individuals are those on our varsity teams that compete with the best-rising talent in the nation, representing our university to show academic and competitive excellence. Tryouts are hosted multiple times a year. Coaches and Team captains support team practices and competition.
- **Community:** Our community is comprised of new and old video game enthusiasts who want to share and create more memories with others through weekly events and in-house tournaments. We encourage open play and free play within the center when scheduled.
- **Career:** Our career-focused individuals have a passion for esports while wanting to develop professional skills. We support these individuals by providing internships, networking opportunities, and mentors with years of experience in their respective fields.
- **Staff:** Our staff members are long-time devoted professionals who love video games, esports, and supporting the next generations with their professional and personal lives.
- **Partners:** With the rising popularity of esports and our ever-growing needs, our valued partners have supported our students to be the best athletes and students.

This insurance program will act as a secondary coverage if the student has personal insurance or as primary if no other insurance is in effect. There is also a large number of special interest clubs such as club sports teams, Black Student Union, Pride, Ace Scholars, International Club, and Student Activities Board.

Major campus events are also sponsored by the Center with the assistance of student organizations and other campus offices. Some of the traditional events are Homecoming, Winter on Walnut, Catapult Leadership Conference, Purple Palooza, and Bike Race. Volunteers are always needed to assist with these programs!

Information about existing student clubs and organizations as well as event details for students can be found on UEngage.evansville.edu. This site provides students with information on existing organizations and how to join them as well as upcoming events. This is where all organizations register and manage their organization information and membership. This is the premier location to find all events, activities and programs that are taking place across campus. The department also communicates event information through Instagram at @uestudentengagement and in the weekly Flash, a printed calendar of events, across campus.

Greek Life

Fraternities and sororities have made tremendous contributions to the University of Evansville since 1871 by complementing the academic and co-curricular facets of the University's community life. The Greek system offers a vital source of leadership, academic, and social support for members while they pursue their educational goals.

Today approximately 24 percent of undergraduates are affiliated with the Greek system. At the University of Evansville, students have access to organizations in four governing areas- National Panhellenic Conference (NPC), North American Interfraternity Conference (NIC), National Pan-Hellenic Council (NPHC), and National Association of Latino Fraternal Organizations (NALFO). Formal recruitment for NPC and NIC organizations is conducted in the fall and is open to all students. Membership Intake for NPHC and NALFO organizations is conducted at various times throughout the year. Joining a fraternity or sorority is a lifetime commitment that does not end with college graduation. Members join a family of brothers/sisters/siblings who provide a permanent support network. The University of Evansville's Greek system consists of the following, national, and international fraternities and sororities:

Interfraternity Council		PanHellenic Council	Multicultural Organizations
Lambda Chi Alpha	Phi Gamma Delta	Alpha Omicron Pi	Alpha Phi Alpha Fraternity, Inc.
Sigma Alpha Epsilon	Phi Kappa Tau	Chi Omega	Kappa Alpha Psi Fraternity, Inc.

Sigma Phi Epsilon	Tau Kappa Epsilon		Delta Sigma Theta Sorority, Inc.
		Zeta Tau Alpha	Gamma Phi Omega Intl Sorority, Inc.

For students interested in multicultural Fraternal opportunities, the University can assist students with connecting to city-wide chapters of Kappa Alpha Psi, Delta Sigma Theta, Alpha Phi Alpha, and Gamma Phi Omega. These chapters are often operated in partnership with the University of Southern Indiana. Students interested in other multicultural fraternities and sororities not currently at the University may contact the Assistant Director for Student Engagement for information.

Additional information may be obtained from Instagram at @UEGreeks, the Center for Student Engagement website, or in-person. Stop by the office in the Ridgway University Center Student Life Suite or call 812-488-2371.

Community Service Initiatives

University of Evansville students enjoy a rich tradition of volunteerism and civic engagement within the Evansville community. A sample of some of our most popular programs include:

UE Gives Back • New Student Day of Service Project • Habitat for Humanity • MLK Day of Service

Whether you are volunteering for the first time, or you have volunteered before, we want to assist you in finding an experience that matches your interests and talents.

Why do service? Giving only one hour a week of your time can provide the positive change desperately needed in the life of a child struggling with schoolwork, an elderly woman in need of companionship, or a puppy starving for attention and care. Your gift of love and compassion can make all the difference to those who need it most. In addition, volunteers gain a sense of civic duty and community responsibility, a characteristic of the well-rounded individual.

The Center for Student Engagement also employs Federal work-study students that are placed at different partner sites across Evansville. These positions assist non-profit organizations such as Girl Scouts, Big Brothers Big Sisters, the YMCA and others with their day-to-day operations. These positions allow students to give back to the community while also earning funds for their educational goals.

Service activities are coordinated by professional staff and a team of work-study students. Additional information may be obtained from the Center for Student Engagement.

Leadership Programs

University of Evansville students have access to multiple leadership programs and activities. A sample of some of our most popular programs include:

Catapult Leadership Conference The leadership conference is held annually for students of the university and guests/ visitors. Each year the conference focuses on a different topic to support individuals in their leadership development. Presenters include faculty, staff and students from the University of Evansville and other college campuses, as well as business professionals and community leaders who are experts in their fields.

Student Leadership Retreat The annual student leadership retreat is held before the start of classes in the fall for executive members of registered student organizations. This retreat is meant to support the executive teams through their year of service with sessions focused on budgeting, strategic planning, marketing and communications and more.

Focused on meeting our institutional core value of education for the whole person, we want to assist you in your development and set you up for success in the future.

UEngage Transcript

The UEngage transcript is UE's experiential transcript. It provides a record of a student's co-curricular experiences including organizations, event attendance, approved community service hours, and other experiences tracked or self-imported by students. Students can access their UEngage transcript at any time by logging into: UEngage.evansville.edu.

Student Government Association

The University of Evansville Student Government Association (SGA) endeavors to promote student interests throughout the University. SGA's main branches are the Student Senate, the Assembly of Student Organizations, and the Executive Board.

The student government offices house the officials of the SGA, who provide focus and leadership for all areas within the organization. The SGA president is the chief student spokesperson and acts as a liaison between the student body and the University administration. The president is elected annually through campus-wide elections. Additionally, several members of the SGA serve, or appoint students to serve, on the Board of Visitors.

The Student Senate represents the collective voice of the student body in matters related to academic affairs, campus climate, and institutional policy affecting student life. Student senators introduce resolution and advocacy initiatives designed to strengthen the student experience and promote meaningful engagement between students and the University. The Student Senate is comprised of a minimum of two and a maximum of five students per governance unit (groupings of departments across eight disciplines). There are also thirteen special constituency senators to represent groups such as commuter students, residence halls, athletics, student employment, and more.

The Assembly of Student Organizations serves as the primary financial and organizational support body of the SGA for registered student organizations. Assembly representatives oversee funding allocations, budgetary review processes, and initiatives that strengthen student organizations and promote engagement through co-curricular activity. The Assembly is comprised of the treasurer from each SGA recognized organization (ROs), as well as the treasurer from non-SGA recognized organizations (referred to as Affiliated Organizations or AOs). AOs differ from ROs in that they may vote on club-related legislation but shall not request a budget or other funds from the SGA.

Director of Community (also serves as Student Ombudsperson)

This student leadership position is responsible for acting as a liaison between students, faculty, and staff. The student Director of Community has regular office hours and is available to all students. It is the responsibility of this position to assist campus community members through conflict resolution by gaining context through an informal inquiry to seek understanding of a situation and attempt to suggest possible solutions for student problems regarding the University.

Assuming the role of mediator as well as a neutral spokesperson, this individual is a resource for students who are uncertain of the proper channels to work through when dealing with a problem or issue related to their University experience. Although the Director of Community does not have direct authority to reverse or alter decisions made by University officials, the power to influence lies in the ability of the individual to approach faculty members, staff members, and administrators. This position helps to ensure due processes are followed for resolving student concerns. The Director of Community operates independently of the University administration and faculty and is part of the SGA.

Student Government Association Constitution

For a complete description of SGA organizations and functions, refer to the Student Government Association Constitution found at UEngage.evansville.edu or visit the SGA office - 2nd floor of Ridgway

University Center (215) during SGA office hours.

Membership

Student organizations reserve the right to accept or decline membership applications in conjunction with the purpose of their organization. Organizations do reserve the right to list GPA requirements, academic major, and number of total hours.

Notwithstanding such policy, organizations that are exempted from the application of federal nondiscrimination laws are permitted to limit membership or leadership in such organizations consistent with the limits provided under such federal exemptions.

Scheduling an Event

The Center for Student Engagement receives telephone calls from students, faculty, and the community seeking information about events on campus and holds the master calendar for each organization's activities that are open to the campus. effectively with the general campus through adequate advance publicity on planned events.

An event submission request must be completed on UEngage by the organization and must be approved by the Center for Student Engagement before any student organization activity can be recognized as an official University event. All activities are centrally recorded to minimize conflicts in scheduling or confusion regarding logistics for the program. The event submission requires the sponsoring organization to list the date(s), events, alternative dates, admission cost (if any), and location. No facilities on campus for events or activities can be reserved without an approved submission. Due to associated risk and liability on campus, social programs are only open to the University community. Please see the Student Organization Guide available on UEngage for further requirements.

Game of Chance Policy

The Charity Gaming Division of the Indiana Gaming Commission issues licenses for gaming activities of charitable organizations in Indiana. Games of chance requiring a license include bingo, pull tabs, raffles, door prize drawings, charity game nights, water races, and guessing games. Auctions do not constitute a game of chance. The University of Evansville will comply with the regulations set forth by the Indiana Gaming Commission for these types of events. Due to the complexity of obtaining a license for gaming events, the University will limit the types of gaming events that are conducted by the University and its related organizations.

Student organizations are prohibited from conducting any type of game of chance. Other University departments may request permission to conduct a game of chance from the Office of Fiscal Affairs and Administration. Such requests must be received at least 120 days prior to the proposed event date. Approval of the request will depend upon the dollar amount of fundraising anticipated by the event and the complexity involved with obtaining the appropriate type of gaming license for the event.
