### If You Are Experiencing Domestic Abuse

- Text LOVEIS to 22522.
- Create a safety plan (<https://www.thehotline.org/help/path-to-safety/>).

- Use safe computers that your abuser can not track when researching travel plans, housing options, legal issues, and safety plans (National Domestic Violence Hotline, n.d.).
- Go to a public library, shelter, internet café, or work center to use a safe computer.
- Consider using a pay-as-you-go phone as phones can be tracked many ways like GPS or text message history. (National Domestic Violence Hotline, n.d.).
