

Technology on Campus

Residence Hall Computing – Wi-Fi and Ethernet

All students living in UE residence halls have access to both wireless internet and two Ethernet ports in their rooms.

Some rooms have a Wi-Fi access point connected to one of the room's Ethernet ports. If you need access to that port, do not disconnect the Wi-Fi cord! Contact OTS at 812-488-2077 to add a port (no charge).

If you need more than one Ethernet port on one side of the room for multiple devices, it is easy to purchase dumb switches available for a reasonable cost online. Contact OTS at 812-488-2077 if you are unsure about what device to get.

Technology Checklist – What Works Where

Technology	Works on Ethernet	Works on UE Wi-Fi**	Works on UEs martnet **
Desktops	Yes (best connection)	YES	No
Laptops	YES	YES	No
Smartphones	NA	YES	No
Tablets	NA	YES*	No
RSA Presents: AceCinema	Yes See section on AceCinema	YES See section on AceCinema	No To view on a TV, use Wi-Fi on laptop Link laptop and TV with HDMI cord
SMART TVs	YES	No	Yes – with Mac Address Registration
Blu-Ray	YES	No	Yes – with Mac Address Registration
ROKU	YES - With native Ethernet connection	No	Yes – with Mac Address Registration
Chrome Cast	No	No	No
Amazon Fire stick	No	No	Yes – with Mac Address Registration
Apple TV	YES	No	Yes – with Mac Address Registration
Xbox/PlayStation	YES	No	Yes – with Mac Address Registration
Nintendo	YES - With USB to Ethernet Adapter	No	Yes – with Mac Address Registration
Personal Routers / Access Points	Personal routers and Access Points can interfere with the UE wireless system and network and are not allowed to be used on campus. A multiport dumb switch can be used to increase the number of Ethernet ports in your room. Contact OTS if you are unsure if your device is allowed on the network.		

*Older e-reader tablets may not connect to the UE Wi-Fi due to outdated encryption

**It is recommended to utilize an Ethernet port (if your device is equipped for Ethernet) for the best connection and speeds.

Printing

Printing Services	Students have a printing account through papercut.evansville.edu Students are allocated \$40 per semester. Greyscale: 5 cents a page (one sided), 4 cents a page per side (two sided) Color: 10 cents a page (one sided), 9 cents a page per side (two sided) Students can recharge their allocation at a reasonable cost through the Bookstore.
Personal Printers & Personal Wi-Fi Printers	Printers must be directly connected to the computer. Personal Wi-Fi printers cannot be connected through Wi-Fi. Be sure that the printer comes with a USB port for a direct connection with your computer.

Shared Computers and Printers

Each hall contains community computers, one of which is an iMac, for use by any resident.

Hale Hall	Morton/Brentano	Moore Hall	Schroeder Hall	Powell Hall
Includes 3 PCs and 1 Mac computer. One computer in each floor study Lounge. The hall printer is located in the first floor study lounge.	Includes 3 PCs and 1 Mac computer. All computers and the hall printer are located in the first floor Brentano computer lab.	Includes 3 PCs and 1 Mac computer. All computers and the hall printer are located in the north basement computer lab.	Includes 3 PCs and 1 Mac computer. All computers and the hall printer are located in the first floor corner lounge.	Includes 3 PCs and 1 Mac computer. Honors students have access to free black/white and color printing located in the Honors Lounge in Powell.

Logging in to Wi-Fi

To connect to UEWifi, students enter their AceNet username and password. Your AceNet username will be the first part of your UE email address. For more detailed instructions, refer to the Technology Services Wi-Fi page:
<https://ots.evansville.edu/support/network/>

Logging in to UEsmartnet

To connect to UEsmartnet with smart devices or game console you will need to find the wireless MAC address for your device. Then submit a ticket at <https://help.evansville.edu> under the category Game Console/Smart Device. Once registered your device will be able to connect. If you do not know how to find your MAC address visit <https://ots.evansville.edu/support/network> to find a guide on getting your wireless mac address.

RSA Presents: AceCinema

[AceCinema](#) is a FREE video streaming service funded through [Resident Students Association](#) (RSA).

This service is available to students while on our main campus through the UE Wi-Fi network.
Service may vary for students living in some Village Properties and Greek Houses.

See **what is possible to view** and **make requests** to include your favorite movies and shows:
<https://www.surveymonkey.com/r/AceCinemaMovieRequest>.

- ✓ **View via mobile devices on UE Wi-Fi:** Go to AceCinema.evansville.edu and download the Swank Media App.
- ✓ **View via desktop or laptop computers on UE's Wi-Fi or Ethernet:** Go to <https://AceCinema.evansville.edu>.
(Always type in the "https://" on a desktop or laptop computer)

Students can watch AceCinema programs on their TV by connecting a laptop to their TV with an HDMI cord.

Streaming Content - Smart TVs and Devices

There are many ways to access streaming digital content. See **Technology Checklist – What Works Where** (previous page).

- ✓ Ace Cinema on mobile devices (UE Wi-Fi) or desktop/laptop (UE Wi-Fi or Ethernet).
- ✓ Streaming content over UE SmartNet and a MAC Address Registration for:
 - > Smart TVs, Blu-Ray, ROKU, Fire Stick, Apple TV, Xbox/PlayStation, or Nintendo.
- ✓ Streaming content over Ethernet for:
 - > Smart TVs, Blu-Ray, ROKU, Apple TV, Xbox/PlayStation, or Nintendo.
- ✓ Streaming content on desktop/laptops through an Ethernet connection.

Digital Cable Services and TVs in Residence Halls

Students have access to digital cable channels in designated common area lounges.

Each residence hall has at least two common areas with a public TV. Here are locations of common area TVs:

Hale Hall has a common area TV located in the first floor game room and another in the lounge adjacent to the kitchen.	Morton/Brentano has three common area TVs. A big screen TV is located in The Pit lounge. Two smaller TVs are located in lounges next to the hall kitchens.	Moore Hall has three common area TVs. Two located in main lounges on the first floor and basement, and one in the basement community room.
Schroeder Hall has a large flat screen TV in the main lounge and others throughout the hall.	Powell Hall has several common area TVs located in the main lobby and the lounges on the basement, second floor, and third floor.	Jones Hall has two common area TVs. They are located in the first floor lounges.
Ridgway has common area TVs located in Rademacher's Lounge across from the coffee shop on the first floor.		

Digital Cable Services and TVs in Village Properties

Village Properties Village houses, apartments, and townhouses come with cable connections for digital cable.

Village units have one or more cable connections depending on floor plans.

Students in village housing are responsible for bringing their own **digital ready** television with a built-in QAM digital tuner.

Getting Assistance

Go to: ots.evansville.edu/support/ Email: help@evansville.edu Call the OTS Help Desk: 812-488-2077.

For assistance with **Cable TV** in Village Houses, Apartments and Townhouses see our Cable TV pages under:
